The City of Cottonwood Shores Commissioners convened in a Public Hearing June 10th, 1990 at 1.30 p.m. at the P.O.A. Clubhouse to hear the following;

PUBLIC HEARING

The Public Hearing for June 3rd, 1990 was included into this Public Hearing on applying for federal financial assistance available through the Texas Community Development Program.

Gandolf Burrus of R.G.S. and Associates presented information of the city's desire to purchase the Cotton-Terrace Water System and the need to bring it up to state standards as well as replace necessary pipe to allow fire hydrants and more water pressure to the citizens of Cottonwood Shores.

It was discussed that to apply for the grant funds, we would need a letter of commitment from our financial backer of our purchase of the water system in order to qualify for the grant.

Willis Environmental Engineers would also have to be contacted as there is some engineering reports to be completed that will be part of the application.

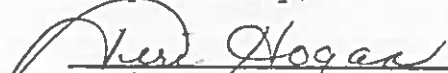

The application would be submitted by July 24, 1990 and the city would know its scoring by November. It was also discussed that a Representative of the city would need to appear before the Review Board that gives half of the total award points to the application and give a talk. It was suggested that Leon Uphsaw give the presentation.

The meeting adjourned at 2.30 p.m..

Leon Uphsaw, Mayor

Respectfully;

Teri Hogan, City Secretary
