

The monthly meeting of Cottonwood Shoshone City Council was called to order by Mayor Dutch Leming at 8:00 P.M. on May 26, 1988

Minutes were approved as read. Motioned by Councilman Adrian Sawlik, (2nd) by Mayor Dutch.

Councilman Adrian Sawlik gave a report on a meeting he attended on May 16, 1988 concerning a County Landfill. The main point of such a landfill would be that the county would have jurisdiction over what is put in the dump. Such a dump would be for whole county. The County landfill would be inspected by the State.

Mayor Dutch suggested Councilman Adrian continue attending the Landfill Meetings and to keep us posted.

Mayor Dutch led a discussion on signing with Capital Area Planning Council concerning "911" Number. Will be approx. 2 years before installed. At this time is basically a petition to see if most people are interested. Is not a binding contract. Mayor Dutch made motion to sign tentative agreement at this time. 2nd by Councilman Adrian Sawlik. Approved.
