Guidelines

- Bring products in original and labeled containers only.
- Do not mix or consolidate products.
- Properly seal containers to prevent leaking.
- Haul containers and materials in the trunk or back of vehicle, away from passengers.

This event is possible with the support of these partnering organizations:

Burnet County • Burnet • Marble Falls • Bertram • Meadowlakes • Cottonwood Shores • Granite Shoals
Highland Haven • Horseshoe Bay • Capital Area Council of Governments • Al Clawson Disposal, Inc.
Safety Kleen • Stericycle • Reliable Tire Disposal • Hill Country Recycling
Burnet County Community Services Restitution Program • 33rd/424th Judicial Districts
Intermediate Sanction Facility • Central Texas Groundwater Conservation District

THANK YOU for participating in Burnet County's Recycling Program!

- ✓ Every aquifer in Burnet County has a local recharge area that is a direct pathway for fresh water as well as potential contaminants to enter.
- ✓ Do you know that 1 gallon of used motor oil can contaminate 1 million gallons of fresh water?
- ✓ Recycling your waste helps preserve groundwater quality - it is difficult and very expensive to clean contaminated groundwater.
- ✓ Do you know that over 50% of the people in Burnet County are dependent upon groundwater for their homes?

The mission of the groundwater district is to protect and enhance the groundwater resources of Burnet County. We adopt and enforce rules to protect groundwater users and also to maintain the economic vitality of the communities we serve.
